

## Press Release

**November 10, 2005**

### **EMSI Hosts Chinese Green Building Delegation**

Representatives of ten Chinese real estate developers and government leaders were recognized on November 10, 2005 at the USGBC's Greenbuild 2005 conference in Atlanta for their pioneering efforts in transforming China's construction industry through LEED™ registered and/or certified projects.

USGBC President Rick Fedrizzi presented the 10 delegates with leadership awards. The developers, who represent some of China's largest developers are among the first in China to pursue USGBC's Leadership in Energy and Environmental Design (LEED) certification. The awards represent an important milestone in China's adoption of green building.

EMSI hosted the delegation from November 10-12<sup>th</sup> and organized a breakfast roundtable at GreenBuild to welcome award recipients to the event. The USGBC award ceremony followed the roundtable. Many of the delegates also attended a half-day sustainable communities design workshop in Chicago, along with tours of green buildings in Chicago. Award recipients were:

- Fountainwood Real Estate Development
- Hadian Real Estate
- China Merchants Property Development (CMPD)
- Shanghai Skyway Oasis Co. Ltd.
- Songbei District Planning Bureau
- Harbin Sun Real Estate Development Co.Ltd.
- Plantronics
- Coastal Greenland Group
- Modern Real Estate Co.,Ltd
- Zhongkai Real Estate Co., Ltd

### **ABOUT EMSI**

EMSI is an international consulting firm with offices in Washington, D.C., Springfield, MO, Beijing, and Shanghai. We provide services in sustainable design, innovative financing and risk management, and technology transfer. Our mission is to foster a global sustainable built environment through projects that are profitable and environmentally responsible. EMSI's clients are real estate developers, municipalities, school boards, and manufacturers of green building products.
